

Concept Note:

Procurement of items to support youth led MSEs affected by heavy rains and disease outbreak in poultry in project Districts of Rulindo, Kayonza, Huye and Nyamagabe.

1. Introduction

CARE is a leading humanitarian and development organization fighting global poverty. CARE seeks a world of hope, tolerance, and social justice, where poverty has been overcome, and people live in dignity and security. We work around the globe to save lives, defeat poverty, and achieve social justice. CARE International aims to be a global force and a partner of choice within a worldwide movement dedicated to ending poverty. Globally, CARE and partners, through its vision of overcoming poverty by 2030, intends to support 200 million people from the most vulnerable and excluded communities to overcome poverty and social injustice.

2. About the project

CARE International in Rwanda, along with consortium partners Duharanira Amajyambere Y'Icyaro (DUHAMIC-ADRI), Pro-Femmes/ Twese Hamwe (PFTH), Association of Micro Finance Institutions Rwanda (AMIR), and URWEGO Finance secured 5-year project (**2023 – 2027**) entitled "Supporting and Enhancing Resilient and Viable Employment Opportunities) SERVE funded by the Mastercard Foundation which aimed at building a resilient, sustainable, gender equitable and inclusive entrepreneurial environment that increases dignified and fulfilling work opportunities for predominantly female youth in agricultural value chains in 10 districts across Rwanda.

3. Rationale

Disease outbreak mainly new castle in poultry and heavy rains accompanied by strong winds occurred in SERVE project districts of Rulindo, Kayonza, Huye and Nyamagabe in April 2026 causing significant damage to agricultural activities in the area and death of

7,400 birds. The SERVE supported activities that were affected by the rain include: 9000 kgs of Chili, 36,448 Kgs of tomatoes and 5,160 kgs of rotational crops. The crisis affected 102 MSEs (71 females, 31 males) project participants aged 18 - 35 years.

The crisis led to loss of income, and rising uncertainty about the future of project participants business plans as many depend on agriculture and poultry businesses. If not supported, affected youth risk falling deeper into poverty, dropping out of project, and facing long-term livelihood challenges.

It is in this respect that SERVE project activated crisis modifier fund to support the affected youth through procurement and distribution of agricultural inputs (seeds, fertilizers and pesticides) and poultry feeds, vaccines and medicines

4. Objectives

The overall objective is to support youth affected by disease outbreak in poultry and heavy rains to recover affected youth businesses that contribute income growth and employment. Specifically, the project intends to provide immediate support to youth led MSEs who lost their birds and crops due to heavy rains and Newcastle disease outbreak in poultry for business continuity.

5. Support approach and duration

The procurement process will be managed by CARE within one-month effective May 2026. Distribution of procured items will be done immediately in close collaboration with local authorities, implementing partner of the project – DUHAMIC ADRI, farmer promoters and affected youth to ensure transparency and ownership.

Annex 1: Description of crisis modifier- items to be purchased and delivered to project Districts of Nyamagabe, Kayonza, Rulindo and Huye

District	Partner (if applicable)	Crisis Modifier Activity	Full Specifications	Unity of measure	Units Required	
Lot 1. Items for Nyamagabe District						
Nyamagabe District, Kamegeri Sector	DUKUNDUMURIMO Farmer group	Fresh bean seeds	Vanilla	Kg	30	
		DAP	DAP	Kg	60	
		Urea	Urea	Kg	60	
		NPK 17 17 17	17 17 17	Kg	130	
		Copper max-Copper	Hydroxide 50%	Kg	2	
		Ridomil	Gold	Kg	1	
		Cypermethrin	5% EC (L)	L	1	
	Ortiva top	Ortiva Top	L	2		
		S/T Lot 1				
Lot 2. Items for Kayonza District						
Kayonza District, Kabare, Mwili and Rukara Sectors	ABISHYZEHAMWE Farmer group	Distribution of Fertiliser				
		Distribution of fertiliser:NPK 17 17 17(Kg)	Compound	Kg	450	
		Distribution of fertiliser: CROP BOOST -Yaravita (litre)		liter	30	
		Distribution of fertiliser:Urea(Kg):4 6% of N	46% of N	kg	135	
		Distribution of Seeds				
		Tomato seeds :Rio grande	Holland	Tins/50 gr	30	
		Distribution of pesticides				
		Ridomil/Kg	Gold MZ 68 WG	kg	20	
		Dithane/kg	M 45 80%WP	Kg	200	
		Dorone	Profenofos 40%+ Cypermethrin4% EC	liter	15	
Sprayer pumps (farmat No 1): 20 liters	farmat No 1/20 liters	Number	5			

		S/T 2.1			
Itsinda Tuzamurane	Distribution of Fertiliser				
	Distribution of fertiliser:NPK 17 17 17(Kg)	Compound	Kg		935
	Distribution of fertiliser:Urea(Kg):46% of N	46% of N	Kg		375
	Distribution of fertiliser:DAP (Kg)	18% N,46 P(18-46-0)	kg		750
	Distribution of fertiliser: CROP BOOSTER - Yaravita (litre)		liter		73
	Distribution of Seeds				
	Tomato seeds Rio grande /tins of 50 gram	Holland	Tins/50 gr		62
	Distribution of pesticides				
	Ridomil(Metalaxyl 64%+Mancozeb 8%)	Gold MZ 68 WG	KG		33
	Dithane(Mancozeb 80%WP):	M 45 80%WP	KG		330
	Dorone/1l	Profenofos 40%+ Cypermethrin4% EC	Liter		72
	Sprayer pumps Farmat No 1 (20 liters)	farmat No 1/20 liters	Number		5
		S/T 2.2			
NTAKIRTIMAA Bonlfrlda	Distribution of Fertiliser				
	Distribution of fertiliser:NPK 17 17 17(Kg)	Compound	Kg		100
	Distribution of fertiliser:Urea(Kg):46% of N	46% of N	kg		25
	Distribution of fertiliser: CROP BOOST -Yaravita (litre)		liter		13

	Distribution of Seeds			
	Tomato seeds Rio grande /tins of 50 gram	Holland	Tins/50gr	3
	Distribution of pesticides			
	Ridomil(Metalaxyl 64%+Mancozeb 8%)	Gold MZ 68 WG	kg	4
	Dithane(Mancozeb 80%WP):	M 45 80%WP	kg	25
	Dorone	Profenofos 40%+ Cypermethrin4% EC	liter	6
	Sprayer pumps Farmat No 1 (20 liters)	farmat No 1/20 liters	Number/20 liters	3
	S/T 2.3			
NIYIGENA Assinath	Distribution of Fertiliser			
	Distribution of fertiliser:NPK 17 17 17(Kg)	Compound	Kg	230
	Distribution of fertiliser:Urea(Kg):46% of N	46% of N	Kg	100
	Distribution of fertiliser: CROP BOOST -Yaravita (litre)		liter	16
	Distribution of Seeds			
	Bell pepper south African/Tins	From South African	Tins/50gr	10
	Distribution of pesticides			
	Ortiva top(L)		liter	4
	Coppermax (copper hydroxide500g/kg WP	copper hydroxide500g/kg WP	Kg	5
	Cypermethrin 5% /liter	5% EC	liter	2
	Sprayer pumps Farmat No 1 (20 liters)	farmat No 1/20 liters	Number	4
	S/T 2.4			

		S/T Lot 2			
Lot 3. Items for Rulindo District					
Rulindo District, Mbogo and Rusiga sectors	TWIGIRE MWOROZI & UBUMWE BW'ABOROZI	Distribution of Cheecken Feeds			
		Broiller Small chickens' feeds(Starter)	Tunga feeds	50 kg	40
		Broiller Big chickens (Finisher)	Tunga feeds	50 kg	240
		Layer small chickens' feeds (Starter)	Tunga feeds	50 kg	40
		Layer midium chicken feeds (Grower)	Tunga feeds	50 kg	40
		Layer big chicken feeds (Layers)	Tunga feeds	50 kg	120
		Distribution of Veternary medecines			
		Amino total	From Netherlands	1kg	10
		Coli made	From Netherlands	1Kg	10
		Doxsin	From Netherlands	1kg	10
		Enrosol	From Netherlands	1Kg	10
		Amprolium 100%	From Netherlands	1kg	10
		Mega booster broiler	From Netherlands	1Kg	10
		Limoxine	From Netherlands	1kg	10
Silifadimidine	From Netherlands	1Kg	10		
Copercide 4*3	From Netherlands	1L	10		

		Leva	From Netherlands	1Kg	10
		Doxy-tyl	From Netherlands	1kg	10
		Mega mineral	From Netherlands	1L	10
		S/T Lot 3			

Lot 4. Items for Huye District

Huye District, Ruhashya sector	UMUHOZA Hyacinthe	Distribution of Poultry Materials			
		Feeders	Plastic	Piece	10
		Drinkers	Plastic	Piece	8
		Distribution of Cheecken Feeds			
		Bloirer starter	UZIMA	Piece	750
		Grower	UZIMA	Piece	500
		Distribution of Veternary medecines			
		Amplorium	Amplorium 100% /L	Bottle	1
		D4 Disinfecatant	D4	Piece	1
		Limoxine	Limoxine WS/Holand	Piece	1
		S/T Lot 4
