**TITLE: REQUEST FOR EOI TO PROVIDE PROFESSIONAL TRAINING IN AUDIO-VISUAL  
CONTENT PRODUCTION**

Urunana Development Communication is a fully registered national Non- Governmental Organization (NGO) specialized in development communication strategies mainly focusing at improving health and social welfare of the Rwandan population. It is known for its expertise in communication for social, behavior change through its well-known audience driven radio and community outreach programs. The NGO was started in 2004 by Rwandans with the support of Health Unlimited (Currently known as Health Poverty Action), a UK based Charity organization whose aim is to help create a world in which the most vulnerable communities can enjoy their right to health and well-being. Urunana DC is registered with legal entity reference number 138/11 of 27/12/2006. Urunana Development Communication is governed by a Board of Directors and has a complement of highly qualified human resource capacity skilled in innovative communication using soap operas, dramas, skits and other forms of communication focusing on the urban and rural communities who mainly listen to radio. However, recent demand by the growing youth population has heightened demand for communication transformation to audio-visual and digital forms.

It is against the above background that Urunana DC Management is inviting interested and qualified individual consultants/or companies to apply for provision of professional training of Urunana DC Staff in audio-visual content production for a period of three months. This training will provide hands-on skills to 4 members of Urunana DC Production department.

The application including a signed cover letter which acknowledges the content of these terms, a CV with three references which Urunana DC may contact without prior notification, should be sent to: email: [urunanadc2004@gmail.com](mailto:urunanadc2004@gmail.com) not later than **28<sup>th</sup> February 2023 at 5h00 PM**, Kigali time and specify in the subject line: **"Application to provide a professional training in Audio-visual production"**. Applying individual consultants and/or companies must meet all the requirements mentioned under key characteristics of the consultants which should be clearly visible from the consultant's CV.

Only the best consultant with potential to offer the service will be contacted.
