

Background: IPA is a research and policy Non-Governmental Organization (NGO) that discovers and promotes effective solutions to global poverty problems. IPA designs, rigorously evaluates, and refines these solutions and their applications together with researchers and local decision makers, ensuring evidence is used to improve the lives of the world’s poor. Since being founded in 2002, IPA has worked with over 400 leading academics to conduct over 500 evaluations in 51 countries.

IPA Rwanda was established in 2013 and has multiple active projects spanning Education, Agriculture, Finance, and Health. IPA Rwanda predominantly implements randomized evaluations in collaboration with the academics, the Government of Rwanda and other development NGOs to evaluate the impact of new development concepts to help inform future government policy and development projects. IPA Rwanda has restricted grant income of approximately 1.2- 1.4m USD per year.
