CORRIGENDUM

SUPPLYING TVET TOOLKITS FOR WELDING & TAILORING

1. Introduction

NUDOR's vision is a society where people with a disability enjoy the same human rights and opportunities as other citizens. Its mission is to serve as a platform for organizations of People with Disabilities, to share their experiences, to express their views and to support them in strengthening their capacities and achievements. Website: <https://www.nudor.org/>

HELASIA (Health, Education & Livelihood in Africa: a Sustainable Inclusion Approach) - aims at the effective participation in the development and implementation of policies, programs, and services at local, national and regional level. In education, a focus was put on offering education services where youth with disabilities were supported through identifying their needs and amongst them 105 were supported to access Technical and Vocational Training Education (TVET) in 6 selected TVET schools to be equipped with Technical and Vocational Education Training (TVET) scholarships.

It is in this line that NUDOR is planning to support graduates with start-up Toolkits as an opportunity to acquire and apply new skills/knowledge which should lead to self-employment and productive income generating activity. By providing TVET training and start-up kits, the beneficiaries and their entire families will have improved prospects for generating income and achieving financial stability, ultimately helping to reduce risk-taking behaviours.

2. Requirement/ Technical Specifications

Please submit your quotation for supply and delivery of the listed items below:

TRADE/ITEM	Technical specifications	Quantity
