**EXPRESSION OF INTEREST - LOCAL IMPLEMENTING PARTNER(LIP) TO MANAGE UPG
COACHES OR COMMUNITY VOLUNTEERS- PAC Project**

World Vision is a Christian relief, development and advocacy organization whose purpose is to create lasting change in the lives of children, families, and communities living in poverty. World Vision is dedicated to working with the world's most vulnerable children. In Rwanda, World Vision has been part of the country's experience and journey since 1994 working through relief, rehabilitation, and development programs.

World Vision Rwanda/ PAC Project is operating in five camps namely Kigeme (in Nyamagabe District), Mugombwa (in Gisagara District), Mahama (in Kirehe District), Nyabiheke (in Gatsibo District) and Kiziba (in Karongi District) and their host communities. The project is funded by US Government aiming at ensuring that 2,100 Refugee HHs (Mugombwa, Kigeme, Kiziba, Nyabiheke and Mahama) and 900 HHs from their host communities are self-reliant and graduated from extreme poverty to contribute to the social and economic landscape of Rwanda by 2024.

The project seeks to work with an experienced local partner to manage and supervise UPG Coaches or Community Volunteers who will be coaching and mentoring targeted households. The local implementing partner will be targeting 1500 households in Kigeme, Mugombwa and Mahama refugee camps and their hosts located in Nyamagabe, Gisagara and Kirehe District respectively. Each UPG Coach will be responsible of 30 household at maximum to ensure that UPG participants get actively engaged in the project activities on regular basis. The local partner engagement in collaborating and coordinating volunteers has an impact on project ownership and sustainability of the project interventions. The joint efforts between the local partner, community volunteers and other community and refugee camp entities and structures such as MINEMA, UNHCR, local government, refugee camp committees, community representatives and others help to successfully reach the intended results and bring changes in the live of targeted participants.

Interested partners who have at least 5 years of implementing livelihood related activities, are requested to submit their expression of interest basing on the following instructions:
